Status of the Application and Drawings

This application has been allowed and the issue fee has been paid.

Applicants hereby respectfully request that the drawings filed with this application be printed in black and white.

Amendments to the Specification

Applicants further submit amendments to the specification to delete an erroneous statement indicating that some figures are provided in color, and to delete references to a colored image in a figure description. These amendments merely delete such statements and references and add no new matter. Their entry is respectfully requested.

Conclusion

Applicants believe that the application is in condition for issue. If further considerations arise, the Examiner or the Office of Patent Publication are invited to contact the applicant at the telephone number provided below.

Respectfully submitted,
